EXECUTIVE OFFICE #00-04

TO: County Agricultural Commissioners

SUBJECT: DEVELOPMENT OF YEAR 2001 RULEMAKING PROPOSALS

The Office of Policy Coordination and Continuous Improvement, within the Department of Pesticide Regulation (DPR), is requesting rulemaking proposals for 2001. This proposal process not only allows us to prepare the DPR Annual Regulatory Overview and Rulemaking Calendar required by Government Code section 11017.6, but in so doing allows for better communication and coordination of each proposal.

As part of this process, we have incorporated the opportunity for county agricultural commissioners to submit rulemaking proposals for consideration as part of DPR's rulemaking calendar. This is an opportunity for county agricultural commissioners to provide input to amend, clarify, or expand existing regulations, or to add a new element to the California Code of Regulations, Title 3, Food and Agricultural Code, Division 6.

Attached is a form to be completed for each proposal. Please submit your proposals to me no later than November 15, 2000.

If you have any questions, please call me, at the number below, or Mr. Fred Bundock, DPR's Regulations Analyst, at (916) 324-4194.

Sincerely,

Linda Irokawa-Otani  
Regulations Coordinator
